TO GROWERS OF

FORCING BULBS, AZALEAS and Like Imported Stock.

Some advantages we claim in caring
for your orders.

FIRST EARLY SHIPMENTS.

We import by fast steamer one-fourth of our Roman Hyacinths, Freesias and Paper Whites needed for Thanksgiving and Christmas trade. By doing this we put those kinds of bulbs in your hands two weeks earlier than if you wait for your entire order from Holland and France.

All bulbs bought of us will be A No. 1 on delivery and if not satisfactory then, in every way, may be returned or exchanged.

We invite the most critical inspection on arrival and customers are not expected to keep or use any that are not as represented herewith.

We ship no plants or bulbs in original cases without inspection at New York or Chicago.

If any of our stocks open up poorly on arrival we can replace them with satisfactory stock within five days, at original prices. Rejected stock from Europe cannot be replaced under six weeks, or must be repurchased here at advanced prices and delays.

LILIUM HARISII.

We are strictly headquarters for these, controlling some of the best bulbs in Bermuda. The packing and shipping will be supervised by our own traveler.

We ship from Chicago or New York.

Our Rule--"All Florists' Stock in Season."

TERMS: To customers of approved credit: **SIXTY DAYS.** Special 3 per cent. discount for cash in 10 days from price list only, not from "Special" quotations and excepting Net Cash items.

WE DO NOT WARRANT. While we always aim to have the best Seeds, Bulbs Roots and like stock from the most reliable growers, we give no warranty expressed or implied, nor do we guarantee the Seeds, Bulbs or Plants supplied by us, nor will we be in any way responsible for the crop either as to varieties or product, nor do we guarantee the successful flowering of Bulbs or Plants or that the same will be free from disease. If not accepted on these terms these goods must be returned at once and the money paid for same will be refunded. V. S. S.

NARCISSUS.

PAPER WHITE GRANDIFLORA.

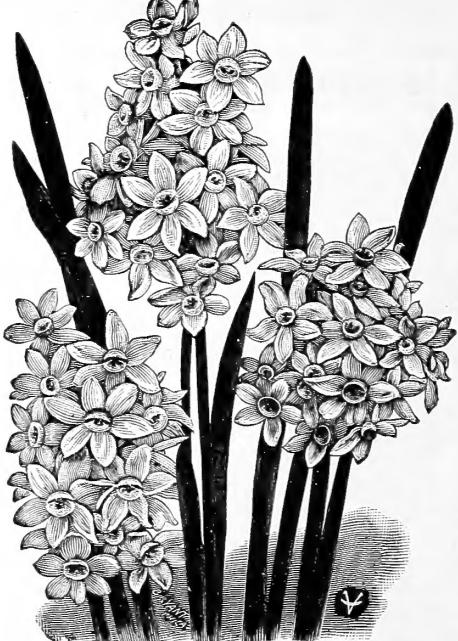

It is a well-known fact that of late years this Narcissus has shown a tendency to come blind and especially so when grown from small bulbs.

In placing our contracts with French growers we are careful to secure the largest bulbs that are obtainable and the grade of these which we offer under the name of "Star" brand is the choicest stock to be had in France, and we are only able to obtain each year a limited number of them. Our experience has been that they are well worth the difference in price over the smaller grades. However, the quality which we offer under the heading "Fancy" is a selected grade from the general stock. As stated before our supply of Giant-Forcing Bulbs is limited, and we can only supply to customers who give us a general order for other Fall Bulbs. We will be pleased to quote a price on application.

"STAR" BRAND, GIANT FLOWEDED.

SELECTED MOTHER BULBSDOUBLE VON SION.

We have this year secured a limited quantity of what are known as "Top Roots." These are of extra size and will throw from 3 to 5 flowers, very profitable for using in pans.

Per 100, \$3.50; per 1000, \$30.00.

JONQUILS.

As forcing bulbs Jonquils are very highly recommended, especially the single sweet-scented, the flowers of which are about an inch in diameter and a splendid color, often two blooms on each spike. Can be brought into flower in January and find ready sale.

Sulphur Phoenix, white and sulphur yellow, one of the best for cutting and unexcelled for funeral work. As this bulb generally throws 2 to 3 flowers it is a profitable variety to grow notwithstanding the high price. Per 100, \$2.25; per 1000, \$19.50.

Double Von Sion TRUE DUTCH.

"Fancy" cut blooms of high grade flowers sell out while common stock goes to the dump barrel or sells at half price. Flowers from our XXX Mammoth Double Nose bulbs brought "Fancy" prices in the Chicago market this spring; See cut opposite. Each bulb brings two perfect flowers. Our supply is especially grown by one of the best Daffodil firms in Holland and can be depended upon. Particularly recommended for growing in pans.

WHITE CALLA. (CALLA AETHIOPICA.)

The Calla is one of the most profitable and easily grown bulbs a Florist can buy, and we take great pains in securing every year bulbs which are well ripened and cured, securing our stock from growers in California who thoroughly understand the raising, curing and shipping of these bulbs. We have arranged again this year for a large amount of bulbs, but would advise early ordering by our customers in order to be sure of their supply, especially of the larger sizes.

LILUM HARRISII.

LILUM HARRISII.

INDISPENSABLE FOR EARLY FORCING.

We secure our entire supply of these bulbs from one concern, who for the past few years have been working up a stock of what we consider to be the old original *Lilium Harrisii*. In addition to this we will supervise the packing and shipping of the crop through our own representative, thus insuring careful grading and preventing mixture of *Longiflorum* and other objectionable types.

Under these conditions we ask your orders for the best selected true *Harrisii* that can be obtained from Bermuda.

LILUM HARRISII, Doeii Type.

This variety is a selection from the ordinary *Harrisii*, and is considered to be the healthiest type of Lily grown in Bermuda. Our grower has a very select stock, and we recommend it especially to those who have had hard luck with *Harrisii* in recent years. Will not force quite as early as *Harrisii*.

LILUM LONGIFLORUM.

JAPAN GROWN.

Our Japan growers are instructed to avoid early digging and give us only ripened bulbs such as should with reasonable care give good results when forced under glass. While we cannot make any guarantee as to the result of forcing Lily Bulbs our Japan growers understand this stock as well as any exporters from that country.

MULTIFLORUM TYPE.

The true variety under this name will produce more flowers per bulb than other types, but it is difficult to secure true stock of this unmixed with other grades. Our Japan growers promise that our stock shall contain 80 per cent. true type.

PRICES:	6 to 8 inch.....	Per 100, \$4 00.	Per 1000, \$32 00

GIGANTEUM (Dark Stem.)

While ordinarily considered later than other varieties of *Longiflorum*, it has proven with our customers as early as any, and when shipped and planted fairly late has formed fine plants even in growth and fairly early in season. The type is free flowering and true. The dark stems readily prevent mixture in the growing crop.

LILUM CANDIDUM.

"THICK PETALED."

This has been very satisfactorily and profitably forced by several customers the past season. It comes free from disease, even, and pays.

It is known to most growers of this Lily that there are two strains. The flowers of each show in substance a marked difference. The better one shows a wider flower, with petals much more firm and greater substance. We import at a much larger cost the true "Thick Petaled" bulbs and they have given our customers excellent satisfaction. We offer it as the best and most substantial type of *Lilium Candidum*.

L. LONGIFLORUM GIGANTEUM.

OSKALOOSA, IOWA.
In reply to yours of the 6th regarding Lilies: We had a very nice lot of *Longiflorum Multiflorum* this season, the bulk of them from Vaughan's Seed Store, were the best lot we ever had. Referring further to Lilies, we wish to state that the 5 to 7 *Harrisii* you shipped us were very satisfactory and gave us early flowers and were in good shape. We have given you the bulk of our Lily order this year and hope we can say as much or better in a year from now.

KEMBLE FLORAL CO.

LILY OF THE VALLEY.

Our London Market brand will be of the same high quality Pips as used for forcing for Christmas by the London, England growers. It is the finest selection which money will buy in Germany and we shall make it of good value at the price asked. For medium and late forcing our Premium Brand will be of equally high quality. Pips will be of the best quality which the season affords, carefully grown, as well as ripened and of full size. Such as with proper handling ought to give most satisfactory results.

VAUGHAN'S LONDON MARKET BRAND

We introduced this select forcing pip to our Florist customers some years ago and it has given excellent satisfaction. The pips are large and plump with long fibrous roots. There is but one "London Market" quality and we control the selected pips of the entire crop, which is limited.

New Star Cineraria (Cineraria Stellata). This new type of Cineraria grows to a height of 3 to 4 feet. The plants branch freely and produce their little star-shaped flowers in countless numbers. They are borne on long stems and the colors range from white to pink, rose, carmine and blue. This is an exceptionally useful plant, being very decorative in growing condition and decidedly pleasing when cut, either in vases alone or used with other flowers for this purpose.

Trade pkt. 40c.; 3 trade pkts. for \$1.00.

VAUGHAN'S
GIANT-FLOWERED CYCLAMEN.

Our seed has been grown for us by two Cyclamen specialists in Europe. The seed is saved only from perfect plants. Shape and size of flowers, foliage and stems and general habit are points on which our seed plants are selected. There is no better Cyclamen seed in the market.

CHINESE PRIMROSE—TYPE OF INTERNATIONAL STRAIN.

VAUGHAN'S INTERNATIONAL PRIMULA

MIXTURE.

This mixture is composed of the most salable colors of Single Flowering Chinese Primulas, the best whites, pinks and reds, with a sprinkling of other colors enough to give a large variety of colors, the most important shades predominating. We have taken special pains to make this mixture as complete as possible and unreservedly recommend it to every one.

VAUGHAN'S PANSIES.

MASTERPIECE—NEW GIANT CURLED.

This strain comes nearer to "Double-Pansies" than anything ever introduced under that name. In reality the number of petals is the same as that in other Pansy flowers, but they are crimped and curled in such a fashion that the flowers appear double. The flowers are of enormous size, often 3 inches across, and the color variations and combinations are odd and striking. Trade Pkt., 50c.; $\frac{1}{2}$ oz., 75c.; $\frac{1}{4}$ oz., \$1.35; oz., \$5.00.

PSYCHE. Not one of the many Pansy varieties has such a winning appearance as Psyche. The plant is perfect in habit and very floriferous. Each flower is elegantly curled and undulated and in every respect a beauty in form and color. The characteristic five velvety violet blotches or "eyes" are surrounded by a broad white edge. Comes true from seed. Trade Pkt., 50c.; $\frac{1}{2}$ oz., 80c.; oz., \$5.00.

BRIDESMAID. The flowers of this new interesting variety are very large and of fine form. Its ground color is a Rosy White, rivaling in delicacy and beauty with the finest Apple-blossom, and most strikingly setting off the dark blotches of the center. Trade Pkt., 25c.; $\frac{1}{2}$ oz., 50c.; oz., \$3.75.

RUBY. This new variety embraces the richest shades of red colors from scarlet, scarlet-orange, wine-red to rose. Originating from the Giant Cassier class it possesses the same regular dwarf habit of the plants and the large size and fine form of the flowers. Trade Pkt. (250 seeds) 25c.

GIANT PRETIOSA. The flowers of this novelty are similar to those of the Masterpiece Pansy, each petal is marked with a very large blotch of deep violet color, these blotches are surrounded by a brilliant crimson rose background and the ground color is margined with a pure white edge. A very effective and bright variety, and we are sure that this novelty will please our customers. Trade Pkt. (250 seeds), 25c.

NEW ORCHID-FLOWERED PANSIES. A most interesting type of Pansies of the Giant Flowered Class, containing a mixture of the most surprising, novel, unique and beautiful color combinations, entirely new among Pansies. The ground color of nearly all the flowers is in light shades, the petals are marked with large brown or golden yellow blotches which diffuse into rays and veins toward the edge. The upper petals are upright and sort of plaited, which gives the flowers their resemblance to orchids. The colors range in the terra cotta shadings as well as in the flesh, orange, rose, pink and lilac. Trade Pkt. (250 seeds), 25c.

VAUGHAN'S "ELITE" MIXTURE OF PANSIES. This is not a complete mixture like our International; it does not contain any pure white, yellow or any self colors, nor any other of the well-known kinds. It is comprised of the cream of four Pansy specialists' choicest and most expensive mixtures and such new and novel kinds as listed above. It is a mixture that will please everybody who knows and likes Pansies and can appreciate quality in color, shape, size and substance, in fact everything that makes a perfect Pansy. Trade Pkt., 50c.; $\frac{1}{2}$ oz., \$1.00.

The New Rose—Baby Rambler

The Everblooming Dwarf Crimson Rambler

This new Rose, which was sent out by the name of Mme. Norbert Leva-vasseur, is a cross between Crimson Rambler and Glory of Polyanthus, retaining the color of the former with the exceedingly free flowering habit of the latter, as well as its dwarf growth.

The plants are very vigorous, grow to a height of about 24 inches. The foliage is dark, glossy, profuse and remarkably free from insects and fungus.

The flowers are borne in clusters, 30, 40 and 50 flowers to a cluster. They are in every way just like those of the Climbing Crimson Rambler and are produced perpetually. We have closely watched this new Rose in our greenhouses since November 1903, and they have never been without flowers from that time until the present day. We had a large bed in our grounds at Western Springs and there the plants were constantly in bloom until November—even in the hottest weather. This is a remarkable record. We have grown thousands of varieties of Roses, but have never met one that possesses all these remarkable qualities combined.

It is the Rose for bedding out. No garden, no matter how small or large, should be without it. There is no Rose in existence that equals it in freedom of bloom and perpetual blooming qualities.

Four Grand New Carnations

STRONG ROOTED CUTTINGS
FOR EARLY DELIVERY

1906—NOVELTIES—1906

These New Carnations to be disseminated in 1906. Book your orders now to secure early delivery. All orders will be filled in rotation and of best cuttings which the growers send out.

ROBERT CRAIG. (Ward 1906.)

Habit—Strong, clean, healthy and vigorous. Produces no surplus grass. Ideal in every respect.

Stem—As strong as Lawson at its best, 24 to 30 inches long, producing long stems from the beginning.

Blooming—Early, free and continuous, coming into flower in September and giving a full crop for Christmas. Fully as free as Lawson.

Size—Averaging 3½ inches throughout the season, a fine bloomer reaching 3¾ to 4 inches during December and January.

Calyx—Perfect and no bursted flowers to date.

Color—Bright vermillion scarlet, an exact match for holly berries. Stands the sun perfectly on the plant with not a trace of blacking or slating of the petals at any period.

Fragrance—Strong, rich clove.

VICTORY (Guttman & Weber.)

Is equal to Robert Craig in size, form and color. Is very free. Size of flowers 3½ inches in diameter. Good keeper.

JOHN E. HAINES (Haines.)

Strong, healthy grower, good stem, color almost identical with Robert Craig. If anything a little brighter. It has received seven Certificates from different Horticultural Societies.

MY MARYLAND (H. Weber & Son.)

Was the Sensation of the Chicago Exhibition. Easily Outranks any Other White.

Awarded first-class Certificate of Merit by the American Carnation Society. Lawson Bronze Medal for 100 blooms and S. A. F. Bronze Medal for 50 blooms. We predict that this variety will easily displace any other white.

We are booking orders now for delivery January 1906. All orders will be filled in rotation as received.

Price of any of the above four Carnations, per doz., \$2.50; per 100, \$12.00; per 1000, \$100.00.

BEGONIA

Gloire de Lorraine. This is undoubtedly the greatest Winter-Flowering Begonia. It grows from 10 to 14 inches high, forming naturally graceful bushy specimens, which from October to April are completely hidden in soft, rosy pink flowers. Many thousands grow throughout the country for Christmas sales bringing highest prices. It is used effectively for center pieces in table decorations. Young plants bought in July and August will make fine specimen plants for Christmas sale, in 6 to 8 inch pots, which sell for \$1.00 to \$5.00 each. If planted in 6 or 8 inch wire hanging baskets will make grand show.

We will have 25,000 strong healthy plants, well established in 2½ inch pots, ready to send out the latter of June to August. You cannot afford to be without this grand Begonia. Get your order in early to insure early shipment. Price, Strong 2½ inch pot plants, per doz., \$2.00; per 100, \$15.00; per 1000, \$140.00.
